We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Bangladesh, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. Key audit matters

Risk

Our response to the risk

Measurement of provision for loans and advances

The process for estimating the provision for loans and advances portfolio associated with credit risk is significant and complex.

For the individual analysis, these provisions consider the estimates of future business performance and the market value of collateral provided for credit transactions.

For the collective analysis, these provisions are manually processed that deals with voluminous databases, assumptions and calculations for the provision estimates of complex design and implementation.

At year end of 2022 for loans and advances of BDT 1.084.708.073.

We have focused on the following significant judgments and estimates which could give rise to material misstatement or management bias:

- Completeness and timing of recognition of loss events in accordance with criteria set out in FID circular no 08,dated 03 August 2002, FID circular no. 03, dated 03 May 2006 and FID circular no.03 dated 29 April 2013;
- For individually assessed provisions, the measurement of the provision may be dependent on the valuation of collateral, estimates of exit values and the timing of cash flows;
- Provision measurement is primarily dependent upon key assumptions relating to probability of default, ability to repossess collateral and recovery rates;

We tested the design and operating effectiveness of key controls focusing on the following:

- Tested the credit appraisal, loan disbursement procedures, monitoring and provisioning process;
- Identification of loss events, including early warning and default warning indicators;
- Reviewed quarterly classification of loans (CL);

Our substantive procedures in relation to the provision for loans and advances portfolio comprised the following:

- Reviewed the adequacy of the companies general and specific provisions;
- Assessed the methodologies on which the provision amounts based, recalculated the provisions and tested the completeness and accuracy of the underlying information;
- Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

See note 14.2 of financial statements

Measurement of deferred tax

In 2022, the Company reports net deferred tax liabilities (DTL) amounted to BDT 17,215,991

Significant judgment is required in relation to deferred tax assets/liabilities as their recoverability is dependent on forecasts of future profitability over a number of years.

We obtained an understanding, evaluated the design and tested the operational effectiveness of the Group's key controls over the recognition and measurement of DTLs and the assumptions used in estimating the Group's future taxable income.

We also assessed the completeness and accuracy of the data used for the estimations of future taxable income.

We involved tax specialists to assess key assumptions, controls, recognition and measurement of DTL's.

Finally assessed the appropriateness and presentation of disclosures against IAS 12 Income Tax.

See note 14.5 to the financial statements

Other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditor's report thereon. We have not been provided the Director's report and other information contained within the annual report except the financial statements to the date of our auditor's report. We expect to obtain the remaining reports of the Annual report after the date of our auditor's report. Management is responsible for the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Our opinion on the financial statements does not cover other information and we do not express any form of assurance conclusion thereon.

Responsibilities of management and those charged with governance for the consolidated and separate financial statements and internal controls

Management is responsible for the preparation and fair presentation of the consolidated and separate financial statements of the Group and also separate financial statements of the Company in accordance with IFRSs as explained in note 2 and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Financial Institutions Act, 1993 and the Bangladesh Bank guidelines require the management to ensure effective internal audit, internal control and risk management functions of the Company. The management is also required to make a self assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Company's financial reporting process.

Auditor's responsibilities for the audit of the consolidated and separate financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
 is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business
 activities within the Group to express an opinion on the financial statements. We are responsible for the
 direction, supervision and performance of the Company's audit. We remain solely responsible for our
 audit opinion.

We communicate with those charged with governance, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The most critical estimates and judgments are applied to the following:

- * Provision for impairment of loans, leases and investments
- * Gratuity
- * Useful life of depreciable assets

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

However, the estimates and underlying assumptions are reviewed on an ongoing basis and the revision is recognised in the period in which the estimates are revised. In accordance with the guidelines as prescribed by IAS 37: "Provisions, Contingent Liabilities and Contingent Assets", provisions are recognized in the following situations:

Provisions

Provisions are liabilities that are uncertain in timing or amount. Provisions are recongnized when the Group has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Interest is recognized as and when it is accrued. Lease interest outstanding over 2 months are recognized as interest suspense and not as revenue. Fee based income and delinquent charges from lease operations are accounted for on cash basis.

2.25 Disclosure of Deviations

Disclosure of deviations from few requirements of IAS/IFRS due to mandatory compliance of Bangladesh Bank's requirements. Bangladesh Bank (the local Central Bank) is the prime regulatory body for Non-Banking Financial Institutions (NBFI) in Bangladesh. Some requirements of Bangladesh Bank's rules and regulations contradict with those of financial instruments and general provision standards of IAS and IFRS. As such the Company has departed from those contradictory requirements of IAS/IFRS in order to comply with the rules and regulations of Bangladesh Bank.

As per FID circular No. 08 dated 03 August 2002 investments in listed shares and unlisted shares are revalued at the year end at market price and as per book value of last audited balance sheet respectively.

Provision should be made for any loss arising from diminution in value of investment. As such the Company measures and recognizes investment in quoted and unquoted shares at cost if the year-end market value (for quoted shares) and book value (for unquoted shares) are higher than the cost. At the year-end the Company's market value and book value of quoted and unquoted shares was lower than the cost price by BDT. 130,393,260 (unrealized loss) but considering capital market investment portfolio and regulation for subsidiaries, provision for diminution in investments has been kept BDT. 130,393,260 for the year 2022. In order to comply with the requirement specified in DFIM Circular No. 11, the company has charged the entire amount of difference in market value and cost price of marketable securities to the profit and loss account. However as per requirements of IAS 39 investment in shares falls either under "at fair value through profit and loss account" or under "available for sale" where any change in the fair value at the year-end is taken to profit and loss account or revaluation reserve respectively.

As per FID circular no. 08 dated 03 August 2002, FID circular no. 03 dated 03 May 2006, FID circular no. 06 dated 20 August 2006, DFIM circular no. 03 dated 29 April 2013 and DFIM circular no. 04 dated 26 July 2021 a general provision at 0.25% to 5% under different categories of unclassified loans (good/standard loans) has to be maintained. However such general provision cannot satisfy the conditions of provision as per IAS 39. At the year end the Company has recognized an accumulated general provision of BDT 365.25 million (out of accumulated provision of BDT 2,956.07 million) under liabilities.

As per Bangladesh Bank guidelines financial instruments are categorized, recognized and measured differently from those prescribed in IFRS 9. As such some disclosures and presentation requirements of IFRS 7 and IAS 32 have not been made in the accounts.

Bangladesh Bank has issued templates for financial statements which shall strictly be followed by all Banks and FIs. The templates of Financial Statements issued by Bangladesh Bank do not include Other Comprehensive Income (OCI) nor are the elements of Other Comprehensive Income allowed to be included in the Single Comprehensive Income (SCI) Statement. As such the Company does not prepare the other comprehensive Income Statement. However the company does not have any elements of OCI to be presented.

Departure from IFRS-16: Changes of IAS-17 to IFRS-16 do not have any material impact, that is why we do not adopt/adjust IFRS - 16 in this accounting year.

2.26 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at bank, term deposits and investment in call loan that are readily convertible to a known amount of cash (with less than three months maturity) and that are subject to an insignificant risk of change in value.

2.27 Earnings Per Share (EPS)

The Company calculates earnings per share in accordance with International Accounting Standards (IAS) 33: "Earnings Per Share" which has been shown in the face of the Profit and Loss Account and the computation is stated in note 38.

G. K. ADJUSTERS LTD.

OBJECTIVE OF THE ASSIGNMENT

The main objective of the assignment is to determine the present/current value of land and building of GSP Finance Company (Bangladesh) Limited by applying recognized, accepted and realistic procedure of valuation methods on agreed date. The basic reasons for revaluation are to present a true and fair value of Lands and Development of the company in the Balance Sheet of the company.

CUT-OFFDATE

The cut off the valuation is November 06, 2022.

METHODS USED

The team will adopt current market price method for land and building.

BASIS OF VALUATION OF LAND

To determine the basis of valuation of land in Dhaka city is rather a difficult and tricky proposition as there is no uniformity in price of land. It has been observed on many occasion that plot lying side by side and having equal facilities may fetch different price without any apparent and convincing reason. We have as such valued the land on the basis of plot being purchased and sold in the locality during the last six month. We have also enquired from the local people and inhabitants of the area at a random basis to arrive at an average consensus value as to the present price of the land in the locality.

Again, value of the land in the present market condition is a relative term as the seller and the buyer look at it from different point. Moreover, it differs from a willing seller and an unwilling seller and similarly a willing buyer will have different value then that of an unwilling buyer.

BASIS OF VALUATION OF BUILDING

The building has been valued taking into consideration the present cost of construction materials, labour cost and workmanship etc. as well as we have taken into consideration the materials used for the construction of the building and the quality of its finishing work, fixture and fittings etc. to arrive at a fair and reasonable value of the same.

FOR VALUATION OF LAND THE FOLLOWING FACTORS WERE CONSIDERED

For land valuation in various occasions we found that the plot(s) located side by side with the same facilities and importance, fetch different prices, without obvious reason whatsoever. During the course of valuation, we have inquired local people with a view to arrive at an average consensus rate as to the market price of the land in locally, also considering location, size of the land and the infrastructure in and around and future prospects of the locality. We also consider plot being purchased and sold in that particular area.

G. K. ADJUSTERS LTD.

For the purpose of this assignment a Survey firm G.K. ADJUSTERS LTD has been appointed in order to provide an independent assessment of the valuation.

The property is located at 1, Paribagh, P.S. Ramna, Dist: Dhaka, under Dhaka municipal corporation, Mouza: Ramna, J.L. # 04, Sheet # 21, Ward# 22, Touzi # 5237BI, C.S. Khatian # 16837 and S.A.
